

# ARISTON

Mod. PRIOS R32 35 C MD0-O

code 3381408

|                                    |                     |  |
|------------------------------------|---------------------|--|
| Rated voltage                      | 220-240 V ~         |  |
| Rated frequency                    | 50 Hz               |  |
| Cooling capacity                   | 3402 (1113 - 4160)W |  |
| Heating capacity                   | 3675 (1084 - 4220)W |  |
| Power input for cooling            | 1038 (130 - 1580)W  |  |
| Power input for heating            | 988 (100 - 1680)W   |  |
| Rated power input                  | 2150 W              |  |
| IP code                            | IPX4                |  |
| Net weight                         | 23,2 kg             |  |
| Refrigerant                        | R32                 |  |
| GWP                                | 675                 |  |
| Standard charge                    | 0,55kg              |  |
| Tonnes CO <sub>2</sub> equivalent  | 0,37tonnes          |  |
| Protection against electric shock  | I                   |  |
| Maximum allowable pressure         | 4,4 MPa             |  |
| Max operating pressure (discharge) | 4,3 MPa             |  |
| Max operating pressure (suction)   | 1,7 MPa             |  |
