FOR HEAT PUMPS AND HYBRID SYSTEM

# Ariston NET Home gets smarter, life gets simpler

By subscribing to Ariston Smart Protection, you can unleash the full potential of the free Ariston NET app at no extra cost. Thanks to that, the Ariston Service Network will have at its disposal, a unique set of tools to give you the best level of assistance in the shortest time possible - even remotely.

- REAL TIME NOTIFICATION**
- If your system has a fault or is not working properly, you are notified in real time through the app. Being able to address any error immediately along with the right information will help our technician solve any issues in the shortest time possible.
- REMOTE ASSISTANCE**
- The system parameters can be adjusted remotely via the internet. Our technicians can manage your product's settings to ensure top performance. If your product has a fault, the Ariston Service Network may be able to resolve it remotely, in real time, and with no need for an on-site visit.
- ACTIVE CARE**
- Through artificial intelligence, the platform enables our service network to predict a fault and intervene before it occurs. This ensures continuous comfort.
